Žádost o změnu termínu realizace akce ME mužů v softballu 2020

Vážení,

spolek Žraloci Ledenice byl pořadatelem Mistrovství Evropy mužů v softballu 2020. Na tuto akci jsme v prosinci 2019 získali individuální dotaci Jč. kraje ve výši 200 000,- Kč. Vzhledem k současné situaci bylo však ME mužů přeloženo na 21. – 26. 6. 2021, na stejné místo.

V příloze přikládáme oficiální rozhodnutí Evropské softballové federace.

Žádáme vás tedy tímto o schválení změny termínu konání akce Mistrovství Evropy mužů v softballu na 21. – 26. 6. 2021 s tím, že termín realizace bude prodloužen do 31. 8. 2021 a termín pro doložení závěrečné zprávy a vyúčtování dotace bude do 14. 9. 2021.

Předem děkujeme.

S pozdravem

Žraloci Ledenice z.s.

European Championships 2020

May 2, 2020

TO: National Federations

Dear friends,

First, let me express my appreciation to all of you for your patience and online activities during this time, even though I am sure you would rather be on the field. I really do hope all of you are safe and we will be able to play our lovely sport soon.

Although many of you have already registered for our European Tournaments, the WBSC Calendar has been changed due to the pandemic situation throughout the world and due to the postponement of the Olympic Games and consequently the World Games by one year, there will be changes in our Tournaments also. In addition the Men's World Cup has been postponed and the Women's World Cup and U15 Women's World Cup are cancelled. Thus there is no rush to play Qualifiers for these events in 2020 and we wanted to find a fair solution for everyone. We have also taken into account the pandemic in Europe and the different situations in the different countries.

Based on the changes above we have decided to postpone both of the adult European Championships to 2021.

Men's European Championship will be played in Lednice, the Czech Republic on June 21 – 26, 2021.

Women's European Championship is postponed to 2021 and exact date will be announced later.

I would like you to know that we believe that this will also allow the NFs enough time to play their local competitions as soon as their countries allow them to start their Leagues. We are in a unique situation and can only hope that we will be back on track as soon as possible.

The situation with the **U15 Women's European Championship** is different. As the inaugural U15 Women's World Cup is scheduled for 2023, the U15 WECh will be the qualifier for this event as it was originally scheduled in 2022. As there is no rush this year for a qualifying event for the U15's, there is an interest to keep this year's event in some form alive in order to give this generation's dream of wearing a national jersey for the first time and play internationally. We are in communication with KNBSB and the organizers about potentially postponing this year's event to a date that will abide by the restrictions of the Dutch government. Because of this unpredictable situation, the June 15 deadline has been set as the final date of confirming this event based on the notification from the KNBSB. This date is also the deadline for any withdrawal without incurring penalties.

Best regards

Gabriel Waage
Softball Europe President
